## EDITORIAL

In my small corner of the world here in Clarksville, it would be hard for me to imagine what a bleak existence I would lead would it not be for chess to preoccupy my idle hours (what precious few I have). Our president, Bill Orgain, has expressed his desire to see that all of us within the association do everything that we can to promote our pastime throughout the state.

I too, share his concern and desire to see chess programs springing up all over the state, especially in local school systems. Your association just recently took a major step in reaching the persons who will ultimately decide whether or not chess programs will be implemented. Thanks to the dedication of folks like Bill Orgain, Harry Sabine, Mark Ishee, and Morris Lewis, along with partial funding support by the USCF through SASP funds, our association was represented at the state school system administrators' convention with a booth promoting chess. Although results of this representation will take a few months to be noticed, the seeds have been planted with the very persons that our association and the game of chess need to reach. Response to our booth and presentation was heartwarming. Look for TCN to keep you informed on progress being made.

I am sad to report the recent resignation of my friend and colleague Paul Linxwiler, as Assistant Editor covering West Tennessee. Paul has been a VALUABLE member of this staff and his absence will be felt and sorely missed. I am now earnestly seeking a dedicated individual from the western Grand Division who would like to try his or her hand in writing and covering events in that region. It is especially critical now that our state association has gone to regional qualifier tournament formats. Without coverage from the West Region, we at TCN could possibly miss games that might have been pivotal in deciding our state champions.

God bless ya'll and remember to get that King to safety early!

## SCHULIEN WINS STATE CHAMPIONSHIP TITLE

by Mark Ishee

This year's Tennessee Open section winner and new State Champion is Charles Schulien, a Senior Master who has recently moved to Cleveland, Tennessee. Chales scored 5½ out of a possible 6 points in the event and defeated several Masters along the way, including the defending champion, Senior Master Ronald Burnett of Antioch, in the last round game for the title. Congratulations to Charles for his fine win!

In the Amateur section, Lee Edwards of Nashville finished with 5½ out of a possible 6 points to win the State Amateur Championship title. Lee is well-known for his skill and devotion at postal chess, and now he has begun to add O-T-B victories to his list of credits as well. Nice work, Lee—we'll see you in the Open section next year!

In other noteworthy news, Nashville high school student R.O. Mitchell won the title of State Junior Champion. This title goes to the highest scoring player in the Open section who is under the age of twenty (20) years. Mitchell, a seventeen year old junior attending Hume-Fogg High School, is a former State High School Champion and is one of the highest rated players his age in the United States. His 3-3 score in a VERY strong field was also good enough to earn a tie for the Class A prize, so R.O. was a "double winner" on Labor Day. Watch this young man in the future - - - he has tremendous potential, especially considering that he is a relative newcomer to tournament chess.

## THE CORRESPONDENCE GAME

with Lee Edwards

Joe Jones, 1983 Tennessee Postal Champion, has taken the 1985-86 title as well by defeating Bill Orgain. By all accounts, the penultimate game was a classic struggle, with lots of deep combinations and plenty of pieces and excitement left on the board even after fifty (50) moves. We hope to publish it in the next issue of TCN.

Larry Ousley, Chris Steele, Jim Rylander, and Mark Schindler are contending for the 1988-89 crown in the first preliminary section. TC-2-88-89 is now open for entries which should be sent to:

Lee Edwards  
Postal Coordinator  
Tennessee Chess Association  
3214 McGavock Pike  
Nashville, Tennessee 37214

If you are already a TCA member, the entry fee is a mere \$6.00 and all fees are returned in prize money. Make your check payable to the Tennessee Chess Association.

If anyone is interested in subscribing to the correspondence magazine *Chess International*, I have discount coupons available upon request. Once again, my address appears above.

New rules for Tennessee Postal Chess have recently been published. Record keeping rules under the international time control (10 moves in 30 days of reflection time) have been formally incorporated. Algebraic notation is now standard for TCA postal events, although players may agree to use descriptive notation, the Uedemann Code, or some other system. There are new rules regarding the use of "if" moves and a "postal touch move" rule. Finally, all players are required to submit a complete scoresheet when they report their results.

This issue's "Postal Game of the Month" comes from Section 88CD 69 (USCF), and is submitted by Wayne Tolbert:

## U-1600

by Roger E. Viles

One way to improve your chess rating is to improve your chess knowledge. Is there a better place to start learning than at the beginning? The "Opening" can be the place you either get a small advantage to carry throughout the game and go on to a smashing victory, or it can be the place where you move your pawns while your pieces stay at home until your opponent (through sheer luck, of course) gets his pieces into play just in time to defeat you.

Does the first way sound like the best for you? If it does, then you should be familiar with the term *DEVELOPMENT*; and *DEVELOPMENT* is the first basic principle of chess. Just what is development? Simply stated, it is moving your pieces from their starting squares to another square where they will be able to attack one of your opponents pieces or exert pressure on certain key squares. I say certain squares because sometimes it is more important to attack a square to keep your opponent from moving to it than it is to directly attack his pieces.

One of the main concerns in the opening is to develop your pieces to the proper square the *FIRST* time and not move your pieces again until you have all your other pieces developed on their best squares. Developing your pieces to their best squares also includes getting your King to safety by castling. Castling serves two purposes: 1) It gets your King to safety behind a wall of pawns and 2) It connects the Rooks for your attack. The earlier that you can castle, the faster you can begin an earnest attack.

You should remember that you *NEVER* begin your attack until all of your pieces are developed. The reason for this is that the one or two pieces that you attack with will have to fight your opponent's entire army and they would be vastly outnumbered and soon lost. Then you would just have to develop some of your other pieces anyway. Why not just go ahead and get them all into the game early and get it over with?

Just remember to develop your pieces to their best square the first time so that you don't lose tempo (waste time) and give your opponent "free moves" to get his pieces developed first and then have him start an attack against you.
