

TENNESSEE CHESS NEWS

SEPTEMBER 1966

TOA Dues \$1 a Year

JULY 1966

Volume 8, No. 4

Published bi-monthly. Editor: Peter P. Lahde, 80 Lyle Lane, Nashville, Tenn. 37211
Games Editor: Robert R. Coveyou, 104 Stanton Lane, Oak Ridge, Tenn. 37830
Postal Editor: Mike Coveyou, 104 Stanton Lane, Oak Ridge, Tenn. 37830
President of TOA: John F. Hurt, 1063 South Perkins, Memphis, Tenn. 38117
Contributors: Estes (Nashville), Burris (Knoxville), Keathley & Price (Murfreesboro), and Smithson (AEDO).

FIRST PRIZE IN TENNESSEE OPEN RAISED TO \$100

If the Southern Championships are any indications the Tennessee Open promises to become the biggest state tournament in history, exceeding even last year's record of 39 players. (For full coverage of the Southern see next page.)

Again the Tennessee Open will be held at the beautiful Albert Pick Motel on 322 Murfreesboro Rd. in Nashville, Tenn. Every room has air conditioning and T.V. The motel also has a pool but only for the guests staying at the motel.

The prize fund has again been increased to attract more top notchers. First prize in the Open Division will be \$100, second \$50, and third \$30. The Amateur Division will have a first prize of \$25, second \$15, and third \$10. The following nine trophies will be awarded:

In the Open:

Open Champion
State Champion
Junior Champion
Class A Champion (less than 1900)
Amateur Champion
Class B Champion
Class C Champion
Class D Champion
Unrated Champion

In the Amateurs:

In addition to the above mentioned prizes the Team Plaque will again be at stake. Memphis has held the honor last year but should have some difficulty in retaining it.

The entry fees in the Open had to be increased \$1 to \$8 to have a \$100 top prize. So please disregard the announced entry fee in Chess Life and Chess Review. The entry fee in the Amateur remains at \$5.

Another important aspect of this year's top state event is the election of officers for the Tennessee Chess Association. All the major offices such as Presy, V.P., Secretary, Treasurer, and Tournament Director will have to be filled.

So we will be looking forward in seeing all of you Labor Day weekend, Sept. 3-5. Detailed announcements with all the particulars will reach you shortly.

POSTAL CHESS NEWS

By Mike Coveyou, Postal Chess Director

First of all an apology to all TOA members who entered the tournament announced at the beginning of the year.

I have received entries (with 25¢ fee) from the following: Gerald Weldin, John Hurt, Robert Coveyou (2), Bill Irwin, and Peter Lahde. Any players of these may reclaim their entry fee by writing to me on or before July 20, 1966. Players who have not reclaimed their entry fee by this time and any other TOA member who sends his entry fee by July 25 will be assigned to the 1966 postal tournament. The fee will be 25¢ per section which will begin August 1, 1966.

Please get results in for the 1964 tournament and 1963 finals!

Final winner of the 1963 Tennessee postal tournament is Richard Long with a perfect score of 14 points. (Final round score plus twice the preliminary round score.)

NEWS IN BRIEF

In Memphis two matches are underway. Lyle Priddy leads in a match over Uncle Bob Scrivener $1\frac{1}{2}$ - $\frac{1}{2}$. John Hurt has a $2\frac{1}{2}$ - $\frac{1}{2}$ lead in his match over Priddy.

The Educational TV station in Nashville has a thirty minute program on chess by Koltanowski every Monday night.

We want to take this opportunity to thank every one who contributed to get Tennessee to give over 100% to "Operation Hi-Gear". Uncle Bob Scrivener with his personal contribution brought it over the hump.

SOUTHERN TOURNEYS WELL ATTENDED BY TENNESSEANS

A total of fifteen players and a tournament director from Tennessee participated in the yet biggest Southern Championships held this year in Atlanta over the fourth of July weekend. The event was divided into three divisions, with each section having about 40 players, a total of 121 in all.

The Open Division was a very strong event with a grandmaster, seven masters, and ten experts (including two from Tennessee) taking part. Winner here was Bill Lombardy, International Grandmaster, with 6-1, yielding two draws to Meyers (an expert), and International Master Sherwin. Sherwins placed second with 5½ points. Four players tied for third in this order with 5 points each: Smith of Texas, Meyers from Florida, Santasiere of New York, and Wanetic. Among the 4½ scorers were two Tennesseans, Burris of Knoxville and Bob Coveyou of Oak Ridge. Gilley with four and Churchill with three, both of Memphis, turned in respectable scores in this strong event. The event was ably directed by Martin Southern of Knoxville.

The Amateur Division was won by Molina of Georgia with 6-1. Second after tie-breaking was Felts of Miss. Third place was taken by Knight of Atlanta. Eight players from Tennessee participated here. Their scores were: M. Coveyou, Oak Ridge, Bowen and Lahde of Nashville all had 4 points; Mc Neely of Knoxville had 3½; Estes of Nashville had 3; Irwin of Knoxville and Leinard of Nashville had 2½; and Burnette of Knoxville had 1 point when he withdrew after round two. This event was well directed by Philip Lamb of Macon, Ga. except for pairing two Nashville players.

The Booster Section was won by an unrated Negro player by the name of Johnson, who won all his seven games. Best score for a Tennessean was turned in by Stein of Murfreesboro. He won a trophy for best score for under 1600 rating. Abrahams of Murfreesboro had 3 and Meyers of Nashville had 2. This event was directed by James Ballard of East Point, Ga.

We hope to give the complete tournament results next issue. Also we invite any player from Tennessee who participated here to send in some games preferably annotated, but this is not necessary. A small selection of games follows:

HOW CAN WE PROMOTE CHESS - BY NEWSPAPER COLUMN?

By Peter Lahde

Yes, a good way to promote chess would be to have your local newspaper start a chess column. I admit it is not easy to convince your local newspaper to do so, though a national syndicated columnist like Koltanowski would be more than willing to do so. But even better would be if a local chess enthusiast would write the column. Why not inquire at your local newspaper. If you are interested in the Koltanowski column, write to me, and I'll be glad to send you the information.

It may surprise you how many newspaper columns on chess are written, though none in Tennessee. Here is a few of the syndicated columns: Koltanowski's column in San Francisco, Chicago Sun-Times, and many others; Horowitz's column in the New York Times; Kashdan's Column in the Los Angeles Times, Roshevsky's column in the New York Herald Tribune and F. Challenger's column in the Christian Science Monitor published in Boston. Then there are just a few of the local writers: David Robb in Cleveland, Merrill Dowden in Louisville, and Richard Burry in Ft. Lauderdale in Florida, and many others.

Here are two samples of Tennessee players whose games have appeared in national syndicated columns. The first is from Horowitz's in the New York Times and the second from Koltanowski's column with his own annotations.

SOUTHERN AT HUNTSVILLE, 1964

KING'S INDIAN DEFENCE

White: Arthur Bisguier

Black: Robert Coveyou

1. P-QB4	N-KB3	10. O-O	FxP	19. N-N5	B-K4
2. N-QB3	P-KN3	11. BxP	N-K4	20. FxP	BxKBP
3. P-Q4	B-N2	12. P-KR3(a)	B-K3	21. BxB/K	QxB
4. P-K4	P-Q3	13. P-QN3	N-K1	22. NxQP	QxN
5. P-B4	O-O	14. Q-K1	P-B4	23. BxB(d)	Q-B2
6. N-B3	P-B4	15. N-Q4	N-Q6(b)	24. R-Q7	Q-B3(e)
7. B-K2	FxP	16. BxN(c)	BxNch	25. Q-K7	Resigns(f)
8. NxP	N-B3	17. K-R1	N-N2	26.	
9. N-B2	P-K4	18. R-Q1	Q-B3		

- (a) White displays proper restraint after 11...N-K4, superficially it seems White would benefit from the tactical break 12. P-B5 because 12...FxB would lose a piece. But by playing 12...N-K1 Black would dissolve the island at Q3. White's 12.P-KR3, preventing an incursion of a knight, maintained a favorable tension.
- (b) Black's tricky N-Q6 might have fooled a less experienced player than the New York star. For if 16 NxB NxQ 17 NxQ BxN Black might even have the better of it.
- (c) White refuted the trap by 16. BxN, which set off a medley of combinations ending with 23. BxB, and winning a pawn.
- (d) Then 23...Q-B2, presented White with a winning tempo by 24. R-Q7.
- (e) Black might have tried 24...Q-B4, preventing the entry of the White Queen at K7. In that event, 25. P-QN4, would have won for White.
- (f) As the game went, resignation was timely. If 25...Q-B3 26 B-K6ch would win, for the Bishop could not be captured in lieu of mate, and if the King were to move, the Queen would be lost.

WEST VIRGINIA CHAMP., 1959

DANISH GAMBIT

White: John Hurt

Black: S. Werthammer

1. P-K4	P-K4	9. B-N5	P-B3	17. O-O	BxN
2. P-Q4	FxP	10. P-KB4	FxB	18. FxB	K-K2
3. P-QB3	FxP	11. FxN	FxP	19. RxN(h)	FxR
4. NxP	P-Q3(a)	12. B-K3(d)	P-QR3(e)	20. Q-Q5	RxN
5. Q-N3	N-QB3	13. R-Q1	Q-B2	21. B-B5ch	K-K1
6. N-B3	N-B3	14. NxP(f)	B-KN3(g)	22. Q-K6ch	K-Q1
7. B-QB4	Q-Q2(b)	15. NxR	BxR	23. B-N6	Resigns(i)
8. N-KN5	N-K4(c)	16. QxB	B-N5		

Annotation is by George Koltanowski

- (a) Here I prefer 4...P-Q4. If 5. FxP, B-Q3; and if 5. NxP, P-QB3.
- (b) Might have tried 7...N-QR4 here.
- (c) Better according to Alekhine is 8...N-Q1.
- (d) According to Hoyle (Modern Chess Openings) which gives White a plus.
- (e) 12...P-QN5 should have been considered here.
- (f) Conclusive already would be 14. B-N6!! according to Hurt. (Apparently missed by Hurt during the game and by Koltanowski when analyzing the game.)
- (g) Cannot play 14...QxN as there would follow 15. R-Q8ch.
- (h) Well-played. Black is in for some nasty surprises.
- (i) An extremely quick finish. This game is worth a little extra study by the serious player.

- No.7 - 1...Q-N7! 2. R-Q1 (Not 2. RxQ, R-K8mate) RxRoh 3. KxR, Q-B8ch winning a Rook (Gligoric - Forath, Amsterdam Interzonal, 1964, OL Dec 64)
 - No.8 - 1...RxP!! (Mikenas - Bronstein, USSR Champ., 1965, OR Apr 66)
 - No.9 - 1. B-B4!!!, BxB 2. QxB! FxQ 3 N-K7ch K-R1 4 RxNch N-N1 4 RxN mate. Or if 2...N/3-Q2 3. QxNoh, NxQ 4 N-K7ch mates. (Osnos - Dely, Budapest, 1965) (Coffey's idea beginning with 1. N-R6ch appears also sound, but the above lines are quicker.)
- The solvers: 1. Coffey 25 2. Churchill 13 3. McNeely 9

MATCH: HURT-PRIDDY 2 1/2:1

A match is currently underway in Memphis between John Hurt and Lyle Priddy. John comments on the game to follow: "To demonstrate how well Priddy is playing, I will give you the score of the last game even though it is a long 60 moves. It is a good game and should prove instructive as well as interesting! (I agree, Ed.)"

DID YOU KNOW? There are 20 possible moves with which can start off a game of chess. Taking an average variation we find that the first player has 28, 30, and 33 ways of playing the 2nd, 3rd, and 4th moves respectively; 29, 31, and 33 being the corresponding numbers for the second player. The number of possible ways of playing the first four moves only on each side would be 318,979,584,000. No doubt the ratio of the plausible moves at every stage is small, but after every allowance has been made for that fact, the varieties of play still remain enormous. The number of ways of playing the first 10 moves on each side is 169,518,829,100,544,000,000,000,000 (just made it). On this basis, and considering the population of the whole world to be 1483 millions, more than 217 billion of years would be needed to go through them all, when playing at the rate of one set per minute, with no stopping, and no set were repeated. (From "The Chess-player's Week-end Book" by R. N. Coles)
