TCA Dues \$2 a Year

JULY 1968

Volume 10, No. 4

Published bi-monthly. Editor: Peter P. Lahde, 80 Lyle Lane, Nashville, Tenn. 37211
 President of TCA: Dr. Robert Keathley, Box 1039, Murfreesboro, Tenn. 37130

24th TENNESSEE OPEN TO BE REALLY BIG!!

Judging from the many chess events (as described in this issue) we cannot help but predict that this will be the biggest Tennessee Open ever. To make your coming more inviting we have obtained the mighty Andrew Jackson Hotel, 314 6th Ave., North, Nashville, Tenn. 37219.

Despite the rising prices we have obtained rates that are better than we had last year. They are to be as follows:

Single	\$ 7.50
Double	\$11.50
Twin	\$12.00
Three per Room	\$15.00 (or \$5.00 per player)
Four per room	\$18.00 (or \$4.50 per player)

In addition to these low rates, children under 12 are free and there is free parking for all guests. Local players should have no trouble finding nearby parking places at no cost. The playing room is much better and larger than last year's and it is away from other meeting rooms.

The top prize in the Open will be \$100, second \$75, and third \$50. The Amateur first prize will be \$50, second \$30, and third \$20. There will of course be trophies for Open, State, Junior, Amateur, and for six classes. Also the hard contested Team Plaque will be awarded.

Entry fees for the Open and Amateur will remain the same, that is \$10 in the Open, and \$7 in the Amateur.

The time limit will be 60 moves in 2½ hours for rounds 1, 3, and 5. In rounds 2, 4, and 6 an additional 12 moves in 30 minutes must be made before adjudications are permitted. However, a vote will be taken, for each division separately, to consider a 2½ hour time limit per player for the entire game. We urge you to seriously consider this because: (1) the decision made by an adjudication committee may not be the result you expected, but since other players are judging the game for you, you have no control over the decision they reach; and (2) the rounds can be dragged many hours beyond the normal schedule.

Send further inquiries to: Dr. Roy Clark, 1315 Lakeshore, Murfreesboro, 37130.
 Hope to see all of you Labor Day Weekend, August 31 - September 2.

MEMPHIS DEFEATS NASHVILLE IN MATCH

The annual match between these two largest cities of Tennessee was again resumed this year after a one and a half years interruption. (The last match prior to this was won by Memphis 11½ - 8½ in December 1965.)

The event was again won by Memphis by a score of 11-5. It took place on May 26 in Jackson, Tenn. at the NEW SOUTHERN HOTEL. Very prominent this time was the participation by the younger generation as they outnumbered the veterans 5-3 for both teams. Kenneth Thomas of Memphis, only 13 and the youngest player, took two games from veteran Dr. Loiseron. Sixteen year old Vernon Vix, the youngest Nashvillian was able to split his games with his opponent.

The event was marred by lack of time so that a time limit of 1½ hrs. per entire game was used. Consequently USCF ratings could not be used. Also the Nashville team was one man short which greatly reduced their chances of winning the match. The eighth player was "borrowed" from Memphis. The results follow:

Board	MEMPHIS		NASHVILLE	
1	Jim Wright	1 1	Pete Lahde	0 0
2	John Hurt	1 0	Al Bowen	0 1
3	Mike Goode	0 0	Gary Matthews	1 1

7	Ed Garner	1 1	Oscar Hofstotter	0 0
8	Howard Hall	1 1	Dan Hinsley	0 0

CLARK WINS MURFREESBORO INVITATIONAL

The Murfreesboro Chess Club resumed its activities by holding an Invitational. It was primarily held to get Murfreesboro players back to serious chess as a warm-up for the Tennessee Open this year. Only two (Gary Matthews and Mitch Stein) of the ten invited players did not attend. The event took place June 21-23 at the home of Jerry Whitt.

Dr. Roy Clark was the big winner by making it a clean sweep of all five games. (Three of his pretty wins are published in this issue.) Four players scored three points. They were: Smiley, Price, Abrahams, and Whitt. No USCF ratings were used as several are not USCF members. The results for this five round Swiss were:

GARRETT AND FISHER TIE IN MEMPHIS INVITATIONAL

Another Invitational took place at the Raleigh Library in Memphis which was called the Bartlett Invitational. Garrett and Fisher both scored 4 - 1 to take top honors in this round robin event.

DURRIS WINS THREE KNOXVILLE TOURNEYS

NEWS IN BRIEF

John Hurt of Memphis and Jack Murphy have agreed to be Directors representing the state of Tennessee for USCF. Peter Lahdo of Nashville is an Officer-Director in USCF.

Emanuel Tsitsekliis of Knoxville tied for first place in the Kentucky Open. Both Norman T. Whitaker and Tsitsekliis scored 4 $\frac{1}{2}$ out of five points.

Gary Matthews defeated Roy Clark in a match 4-2 in a match in Murfreesboro. This was only one out of eight events that were reported for ratings in CHESS LIFE in June. A good indication of the many chess activities that are going on in every part of our state. The only areas we have not heard from are Chattanooga, Tri-Cities, and the Tullahoma - Manchester area.

Andy Shor of Oak Ridge was tenth according to the latest USCF ratings among players 16 years and under. TCA will assist in expenses should he be able to represent Tennessee in the U.S. Junior Open in Cleveland.

A new Junior Chess Club has been formed in Nashville. It is being directed by Joe Jones and meets every Friday at the Centennial Park Community Center. They have about fifteen members. Pete Lahdo recently gave a simul there winning five, while losing one and drawing one. He was surprised at the caliber of play.

Dave Durris, State Champion of Knoxville gave two simultaneous in Maryville recently. The first one in April he scored 14-1-1, losing to Isbill and drawing with Murphy. The second one in June he scored 7-2-1, losing to Murphy and Garner, and drawing with Ball.

Oak Ridge has about fifteen players in attendance at their regular meetings.

The standings for the Nashville Club Ladder are as follows: 1. Estes 1889, 2. Lahdo 1842, 3. Bowen 1831 4. Lynch 1814 5. Matthews 1811 6. DuPlantier 1793, 7. Farr 1737 8. Pierce 1703, 9. Vix 1631 and 10. Leiserson 1620, plus 10 more. The recently concluded Amateur Club tourney was won by DuPlantier after tie break ahead of Dr. Pierce and Vix, all scoring 4-1.

A GUIDE TO THE GAMBITS OF CHESSVERSATION

(This article appeared originally in CHESS, a British magazine in December 1959. It was published once in TCN in July 1964. To acquaint the newcomer with the language used in tournaments by seasoned veterans we reprint the article herewith.)

This little glossary of some of the more common chessversational ploys is especially designed for the newcomer to tournament or match play: it will help the beginner to understand better exactly what is being said to him, will show him the underlying and treacherous meaning of apparently harmless remarks to which he might otherwise all too easily fall a victim. Speaking to a man over a chessboard is like speaking in parliament: i.e. no one means exactly what they say. Here are a few examples of what I mean:

EXPERIENCED PLAYER'S REMARK

Deprecatingly: I am a little out of practice, I'm afraid.

With a yawn: I got into bed at 2 A.M. this morning.

Resignedly: Dammit! Don't say I'm Black again!

Casually: Do you mind if I have the clock on the left?

Heartily: Oh well, let's get away from the book!

Absent-mindedly: J'adoube.

Portulantly, as White after the moves P-K4 P-QB4: Oh dear! and I wanted to play the King's Gambit.

Light-heartedly: Let's have a bit of fun!

With a heavy sigh: Oh lardy!

Slowly, to himself: That is very interesting!

Confidently: It looks a bit drawish now?

Rather pink in the face: Can I see your scoresheet please?

With a friendly smile: Don't forget the clock, will you?

Soothingly: Would you like a cup of tea?

Urgently: Try one of these ginger nuts?

With concern, on seeing that both sides will have a bit of a time-scramble: By jove! we'll have to get a move on!

Self-accusingly: Oh dear! I am sorry about that: that's spoilt it!

Ingratiatingly: Let's have a friendly?

MEANING BEHIND IT

I haven't played a serious game since Tuesday.

i.e. after answering nature's call—otherwise I had a jolly good night's sleep.

I was Black last game too.

The right-hand side of this clock gains ten minutes on the hour.

I have forgotten how the book line goes.

No, I won't move that piece after all.

I have looked up the latest Russian line against the Sicilian.

If you take my knight, it's mate in three.

I am going to set a trap.

Your move is a blunder.

Your last move has me flummoxed.

My position is terrible—surely there must be some mistake?

I have been thinking for 20 mins. on your time and am now ready to make my move.

I have just launched a winning attack.

I have just noticed that my attack is unsound after all.

I am the local lightning-chess champion, so that's OK.

You have just made a brilliant winning move — blast!

I want revenge — and NOW!

ON MEETING ANOTHER PLAYER WANDERING IN THE TOURNAMENT ROOM:

How is your game going?

I've got him in time-trouble now!

I think he is trying to swindle me

Come on, ask me about mine.

He kept forgetting to press his clock.

I've messed up what should have been an easy win.

Not a very good game: too many mistakes

I had a very interesting game: quite a pretty finish.

I lost.

I won.

FAMOUS LAST WORDS:

I just couldn't resist that Knight's Pawn I suppose I really shouldn't have gone to or Where did I go off the book...? that party last night.

It was just that one pawn that did me... All I needed was just one more move...

One final word of advice: if you go up to that friendly-looking fellow who is watching a master-game with both hands in his pocket, and you whisper in his ear: "I think Bobby Fischer has him on the run, don't you?" and if he then turns round and hisses a loud and splashy 'SHUSH' right in your face, then you may be fairly sure that you are having a conversation with the tournament director. Don't worry; try your luck again with that gloomy-looking type further down the row, it might be me, and I would be glad of a little chat....

Annotations by Peter Lahde

- (a) MCO-10 only gives 6. N-B3 O-O 7. B-K2 N-R3 (or P-K4) 8. O-O B-N5 9. B-B4 N-B2; 10. P-KR3 BxN which favors White slightly. And 6. P-B4 can transpose into lines of the King's Indian. Also 6. B-N5 has been played here.
- (b) Recommended are 7. B-N5 or 7. N-K2.
- (c) Black wants to win a piece in exchange for two King-side pawns. A questionable proposition.
- (d) If 19. N-B3 or N-N1 then 20. P-N6 still wins a piece.
- (e) Now White should be able to win with 20. B-Q4 threatening 21 BxN PxP 22 N-N6mate. Black's best answer seems to be 20...P-B4 21. BxN BxB 22. N-N6ch K-N2 23 NxR KxN 24. P-R8(Q)ch BxQ 25 RxRch K-N2 26. RxN! QxR 27 Q-Q4ch and White should win with the two extra pawns.
- (f) White has lost too much time with defence. With this move Black now wins.
- (g) In my opinion the most interesting game in the Championship Division. Now follows a game of the Amateur Section which was the biggest upset here and, I think, also the best game here.

13. N-K5	BxB	26. RxB	RxR	39. Resigns	

- (a) By transposition the Lasker Defence in the Queen's Gambit Declined has been reached.
- (b) Promising alternatives for White are here 9. R-B1 and 9. Q-B2.
- (c) A well-known position in the Lasker Defence has been reached. Instead of the text 11. Q-N3 is recommended. This is best answered by either 11...R-Q1 or Q-Q3.
- (d) Preventing White from advancing the QB pawn, gives Black a favorable position. This reduces the mobility of the white pieces.
- (e) I prefer 21. R-N3 followed by 22. N-N2 eliminating the knight outpost.
- (f) Hoping for 24...PxP then 25 QxN.
- (g) Too bad N-Q7 doesn't work because of QxRch.
- (h) Allowing this pin is the losing move.
- (i) Also 32 NxN QxRch 33. QxQ RxQch losing the exchange would not give white any better chances than he has in the game.
- (j) The correct way to eliminate the advancing Queen Pawn. The rook and knight keep the King from coming to the aid of the rook. A well conducted game by the winner. For two more interesting position from this event see next page.

Comments by the winner

- (a) The question is: "Can Black take the free Knight?" The answer is "no"
 (b) But he thinks he can, apparently.
 (c) Here Black should resigns in my opinion. However, he didn't, but played on for 20 more moves, which, of course, is his privilege. Black resigned on his 44th move.
