JOHN POTTER NEW TENNESSEE OPEN CHAMPION

John Potter, an expert from Virginia, won the first place trophy with a score of 5-1 to be recognized as the Tennessee Open Champion for 1977. But this was only after the three announced tiebreaking systems failed to produce a winner, and only with a fourth was it finally settled.

Luis J. Torres, a Class A player from Knoxville, equalled Potter's score to place second ahead of another Class A player from Clarksville, Henry Robinson, who also got 5-1 to place third. These three divided the \$550 prize money for the first three places between them. (Continued on page 59)

TENNESSEE CHESS NEWS GETS NEW EDITOR -

By Outgoing Editor Peter Lahde

Beginning with the next issue of <u>TENNESSEE CHESS NEWS</u>, <u>John Nichols</u>, who has been serving us as the chief TD for the Tennessee Open, will be assuming the duties of <u>Editor</u> of the state chess newsleter.

Before I leave, however, let me be allowed to reminisce a little. Nearly nineteen years ago, or with the January issue in 1959, I put together on three pages the first issue of TCN. Interestingly enough this inaugural issue was dedicated by Dr. Rice Pierce to Mr. Orin Cornett, in recognition of the founding and organizing of the "new" Nashville Chess Club. This club was formed at that time and has remained active to the present. This first issue was sent to only about 29 players, which were the players in the 1958 Tennessee Open, and was the main event covered. Only three players attended that event as well as the 1977 Tennessee Open; they were James Wright, Albert Bowen and myself. (I still have a few copies of the original printing of this historical inaugural issue of TCN. This I will offer for sale on a first-come-first-served basis for \$2 while the supply lasts.)

I feel that TCA can be very fortunate to have the services of John Nichols as its editor. I am sure he will do an excellent job for us. However, he cannot do it alone. Those in responsible position that conduct tournaments in the state should send him the crosstable(s) and the TCA memberships received. He can only publish what you send him. Obviously, if you don't send anything he cannot write about it. Not only will your tournament not get any recognition, but also the newsletter will be less complete and those that took part will be especially disappointed.

If you would like to see your game in print, do not hesitate to send it, either with or without annotation. I am certainly going to send him articles and games I had planned to use but never had time or space for. Will you give him your support? With your help I am sure, he can make TENNESSEE CHESS NEWS even better.

NEWCOMER WINS IN NASHVILLE

Richard Parsons (1955), who recently moved to Nashville from California, scored $4\frac{1}{2}-\frac{1}{2}$ to win the Music City Summer Open held July 23-24 in Nashville. Among his victories was a win over expert William Layton (2087) of Knoxville. His draw was with H.S. Champion Curt Jones of Nashville. Two players scored 4-1, Joe Rickman (1866) of Maryville and M.C. Wright (1951) of Nashville to place 2nd and 3rd respectively. M.C. Wright had his problems in the first two rounds with draws against Class C players. But then he proceeded to defeat Class B play-But then he proceeded to defeat Class B players in the next three games.

Two Class B players scored $3\frac{1}{2}-1\frac{1}{2}$, Jerry Wheeler (1790) of Nashville and James Wright (1659) of Millington, to divide the prize money between them. Class C winners with $2\frac{1}{2}-2\frac{1}{2}$ scores were Brian McCarthy (1471), Billy Anderson (1402), and John Freeman (1463). Tom Harley (1362) of Nashville won the Class D prize with the excellent score of 3-2. Class E honors

went to Gary McMurray (851) and Rick Cumby (986), who scored 2-3 each.

The tournament was well attended with 37 players. David Thistlethwaite did a creditable job in directing his first large tournament.

ANOTHER NEWCOMER WINS CROSSVILLE EVENT

Reported by Harry Sabine

Another newcomer to Tennessee, Timothy Sawyer, made his first tournament in this state a success by winning the 15th Cumberland County Open held on July 30 in Crossville. Timothy just recently moved to Dayton, Tenn. from Maine. He had just won the Class B title in the Maine Championship. He made a perfect 4-0 score in the Crossville tourney. (Three of the

games he has annotated for this issue of TCN.)

Surprising was the second place finish by Mark Derthick (1409) of Signal Mountain with $3\frac{1}{2}-\frac{1}{2}$ which gave him the Class C prize. Ifor Williams of Knoxville and Wayne Kendrick of Crossville divided the Class D prize with 3-1 scores. Class E honors went to Larry Parker of Nashville and David Vowell of Waldo, Fl. with $2\frac{1}{2}$ - $1\frac{1}{2}$. Best Unrated player was J. W. Greenlee of Knoxville with $2\frac{1}{2}-1\frac{1}{2}$. Steven Sabine and Jimmy Sims shared the prize money for players rated under 1000. Besides the winner, Sawyer (1687), the other Class B players did not fare so well. Joseph Selby (1736) of Kingsport, who was quite active in the forties, scored $2\frac{1}{2}-1\frac{1}{2}$ but was undefeated (three draws). Richard Carpenter (1764) of Pigeon Forge scored only an even 2-2.

The event was well attended with 25 players. Thomas P. Collard directed for the Cumberland County Chess Club.

NEWS IN BRIEF

A match between Bruce Stearns and Kent Meadows was won by the former by the close margin of $3\frac{1}{2}$ - $2\frac{1}{2}$ (2 wins, 3 draws, 1 loss).

The 1977 VULCAN OPEN held in Birmingham on May 14 & 15 was won by Steve Hudson (1900) of Decator, GA with $4\frac{1}{2}-\frac{1}{2}$. Two Tennesseans, Charles Laws of Cleveland with 3-2 and George Jamison with $2\frac{1}{2}-2\frac{1}{2}$ scored quite well in this 54-player event.

REGIONAL CLEARINGHOUSE ESTABLISHED

Georgia Chess Assn. President J. Earle Morrison and Treasurer Steve Hunt were elected to the positions of President and Secretary-Treasurer, respectively, of the Southern Chess Association, at that organization's annual meeting in Clemson, South Carolina. In addition, Steve Hunt was selected as Clearinghouse for Large tournaments in USCF Region 1V which includes Tennessee. (From THE CHESSMAN, Georgia Chess)

The <u>FULL MOON OPEN</u> held in Smyrna on July 1-2 was won by <u>Curt Jones</u> on tie-break ahead of <u>Guy Kooi</u>, both scoring $3\frac{1}{2}-\frac{1}{2}$. Marcus Stinson was third with $2\frac{1}{2}-1\frac{1}{2}$. Tom Harley and Harvey Hix scored 2-2. Brian Penuel had $1\frac{1}{2}$, ahead of George Davis who had 1, and Donald Wade who failed to score. The event was organized and directed by Marcus Stinson for the Music City Chess Association.

JOHN POTTER NEW TENNESSEE OPEN CHAMPION

(Continued from front page)

Fourth place went to a Russian emigrant, Michael Mitelman, who now resides in Nashville. He scored $4\frac{1}{2}$, which was also equalled by James Little of Memphis.

The Junior Champion this year was Curt Jones, which was not unexpected. With the score

of 4-2 he outscored all other juniors to take home the trophy and money.

No less than six Class B players scored $3\frac{1}{2}$ points to divide the \$100 prize money between them. Doug Ralston of Knoxville had the best tiebreak to receive the Class B trophy. The other prize winners were: Richard Carpenter, Jerry Wheeler, James Rackley, Don Marcott, and James Wright.

More fortunate was Jim Little who took the Class C prize of \$75 all by himself. He did it by scoring a last round upset over Class A player Ron Minor. Jim has now won the Class C

title three times in a row.

The open division, was in the opinion of many, one of the strongest ever. Already the first round produced five upsets and two draws. Among the first round "victims" was Marty Appleberry of Memphis, the only Master and highest rated player in the event. He lost to Russian emigrant Michael Mitelman. Mitelman did not have a USCF rating yet, but probably was the equivalent of an expert in the Soviet Union, though he had not been playing for about two years. Two other players that also met with defeat in the first round were two former state champions - John Hurt and James Wright.

MEMPHIS WINS TEAM TITLE - New rules were adopted for the "Uncle Bob Scrivener Team Plaque" competition. One of these was that all players competing for a team had to be submitted in writing prior to round two. This turned out to be unfortunate for the Knoxville team as they could have tied with Memphis for first. They had failed to mention Torres as one of the members of their team. The top three finishers were: 1. MEMPHIS $46\frac{1}{2}$, 2. NASHVILLE 45, and 3. KNOXVILLE 42. We hope to have the complete scores for all the competing teams

The AMATEUR Division also has a surprise. Here Gregory Hood of Memphis again turned in the best score with 5-1 to be declared the 1977 Amateur Champion. This is only the first time in the history of the Amateur that the same player has won the title twice in a row. This gave him also top prize money with \$200, better than the top prize winners received in the Open.

Four players scored $4\frac{1}{2}$ points to tie for second place. They were: Robert Edwards, Jimmy Lawson, Joe Roberdeau, and Mark Derthick. The Class D trophy was won by French Wall with $2\frac{1}{2}$ points. Bobby Chapius and Robert Lee equalled his score to get into the money. 33

players competed here.

The NOVICE had three players that topped the field of 28 players scoring 5-1. Gary Mc-Murray of Hendersonville, though rated only 851, had the best tiebreak to receive the trophy for the Novice Champion. Gary Kendrick of Crossville received the Class E trophy and Russell Jaicks also had 5-1 to get into the prize money. Best Unrated was Joel Paschall and the Ladies Champion became Mary Shepherd.

Three USCF memberships were awarded in the Non Rated Beginners tournament to Paul Zepelinsky, Melvin Lunsford, and Larry Hosale. Zepelinsky also received a trophy as the winner of this event. All participants in this tournament will receive a complimentary copy

of this issue of TCN.

The chief tournament director this year was again John Nichols of Johnson City. He was assisted by Bruce Stearns of Nashville. We want to thank them for doing an excellent job. They had all situations well under control and were able to resolve all problems to most everyones satisfaction.

HIGHLIGHTS OF TCA BUSINESS MEETING

Two changes were adopted for the Tenn. Open tournament. The time limit will be changed to 50 in 2 with a second time control of 15 in 30. Time not used in the first time control is carried over. Atso, the "no smoking" rule will be in effect.

The membership also voted to hold again the three Regional Championships next year with the top two players from each region qualifying for the Tennessee Closed Championship. Some

changes were made mainly in the prize distribution.

The following officers were elected: President: Peter Lahde; Secretary-Treas.: Harry Sabine; and TCN Editor: John Nichols. In addition Mrs. Carol Little was elected Delegate. In addition two Alternate Delegates and three Alternate Voting Members were elected to represent our state in USCF affairs.

Complete details of the TCA Business Meeting will appear in the Minutes of the next

issue of TENNESSEE CHESS NEWS.

\$400.00 Prize Fund

Year End Report: Final section in play; TF-74, because of the many players of qualified, we had a preliminary round in the finals but on 1 April began the closing round with John Logue, G.E. Fawbush, Richard Searles, Mike Bennett, Mark Ishee and Wally Jordan. TF-75 was started on 10 January with Richard Matson, Bill Irwin, Richard Searles, G. E. Fawbush and John Logue. Time has come to close TC-76 and I have called for the remaining few games to be sent in for adjudication. I should have the final section ready some time in September. Some of the qualifiers are Mike Ramondt, G.E. Fawbush, Bill Irwin, Kent (the postal puma) Meadows, Stan Bimson and Richard Searles. Only one other player might qualify so that's what TF-76 will look like. In the race for '76's Class C and D prize fund we have Kent Meadows with 69 rating points in first place, Stan Bimson in second with 56 and third is Mike Ramondt with 21. These are the ONLY Class C or D players that qualified for this special prize fund, that is they are the only players, Class C or D, that increased their rating thru play in TC-76. (Prize fund was donated by a friend of TCA). M.L.E./G.P.O. ('77-'78) With two sections in play and the third needing two more players, we find that entries are coming in very slowly. Don't understand the reason, possibly it is the same that is plaguing overthe-board play. We are getting entries in and with our \$400.00 prize fund, I believe that in time more players will come.

Game Results: (all games received on or before 23 Aug'77). TF-75; Fawbush 1 - Irwin 0. TC-1-76; Ramondt 1 - P. Greer 0. M. L. E. Greater Postal Open: With a \$400.00 prize fund, based on 50 entries, assignments will be in 7-man sections with mixed classes, you play white with 3 and black with 3.

Play will be for 3 rounds.

All games are rated, game reports are given in this section of TCN each issue and rating of all players are published at least one time a year. We ask new entrants to furnish their latest USCF (OTB) rating or any established postal rating. Any totally new player will be given a rating of 400 unless some proof of higher playing ability can be established. Rating classifications are: Master 1000-up, Class A 800-999, Class B 600-799, Class C 400-599, Class D 200-399 and Class E Ø-199.

Entry fee is only \$3.00 per section and you may enter more than one section. Tennessee residency is not required but we do require that for the first year of this postal tournament, that you subscribe to TCN which will keep you up-to-date on this tournament's preliminary round. This subscription to TCN is also \$3.00 (per yr.) and should be sent with your entry fee.

Entries will close 1 Sept '78 but don't wait, send your entry for the MLE/GPO today to:

Stan Bimson, Rte 2 Box 293, Hendersonville, Tenn., 37075.

Welcome New Players: Tim Sawyer, Dayton, Tn; Curt Jones (!) Nashville, Tn; Dr. Thomas Noonan, Oak Ridge, Tn.

"COMMENTS AND REFLECTIONS" ON TENNESSEE'S FIRST CLOSED CHESS CHAMPIONSHIP

By Emanuel Tsitseklis

If you would dismiss the lack of publicity and the parking problems, the chess tourney held in Nashville on 9-10 of July was a total success. Glenn Cornwell's smooth operation as a TD deserves a hand of appreciation from each of us who were there. His expertise in the coordination of state events is derived from years of association with Tennessee Chess. Again, let's tip our hats to Glenn, and to his wicked brand of 5 minutes chess!

Although the growth of chess in this area among the younger generation has likely quadrupled over the past 15 years, there has also been a corresponding decline in the older generation. We must continue to popularize this delightful game throughout the state or our sense of competetiveness will eventually lose itself to whatever it might have been at the end of the rainbow...

Of all six players only James Rackley and Mahlon Smith were newcomers to the scene. Despite some trying moments, both show patience and natural ability so vital in the good player. Henry Robinson seems cautious and seldom goofs. By contrast, Curt Jones shows some basic effervescence in particular during the opening. The Tennessee High School Champion is quite gifted in that area. And Joe Rickman is showing more game maturity with each tourney.

I am grateful for having had the opportunity to compete against such a fine group of talent. But I am also honored for being the player to win the first closed Chess Championship of Tennessee.

And now, on the games...

12 moves later.

- (a) This system is based on Qh5-Bg4 King side activity, and not the attack of the c4 pawn! Correctly played this line goes like this: 6...0-0 7 0-0 Qa5 8 d5!, White must stop Black from transferring Qh5, and now 9 Nd2 Bd7 10 e4 a5 11 Re1, Na6 normally follow. Trying to alter a system during a game is much like inviting unpleasant company for dinner.
- (b) Trouble is knocking at the door! The exchange of queens is eminent since Qxb2?? loses to Rfb1 and Qb6 looks bad after Be3.
- (c) Correct for White is Rac1 and foe 12...Ne4, simply 13 Be3 with better prospects.
- (d) Black is not being patient! This is only the first round after all. First the preparatory Ra6 followed only then by b5 with advantage.
- (e) The way to play here is 15...BxR 16 RxB c5! enforcing a simplification with decisive advantage. Instead, Black goes about recklessly trying to get something for nothing. Daily life gives penalties for this, and so some chess players!
- (g) Going for the elusive fork at Na3, Black fails, only to prolong the suspense for some 18 moves longer. Of course, 26...b2 tucks it away for then Na3 and the advance of the c-pawn cannot be stopped.

- (a) White missed an early chance at lead in development, instead of Nf3 now 5 Be2 Nxe 6 f4 Ng6 7 Nf3 Be7 8 0-0 0-0 9 Nc3 Bf6 and now 10 Qc2 is probably the best choice, whilst 10 Kh1 is too slow for Bg4 and Re8. On 10 Qc2 c6 11 Rfd1 Qb6ch 12 Kh1 and Black still has problems deploying his forces. Best choice for Black may rest in the elimination of Nc3 and centralization on e5. Thus 10...BxN 11 bxB Re8 12 Bd3 Bg4 (...b6? 13 e5! or...f5? 13 Rae1) 13. Rae1 etc. Actually Black went astray with 4...d6?. MC0-10 has 4...Nxe5 5 f4 Ng6 6 Nf3 Bb4ch 7 Nc3 d6 8 Qb3 Nc6 9 Bd2 0-0 10 0-0-0 Re8 11 Bd3 Bg4 equal game.
- (b) Another plan with more, in-depth logic would have been 9 Be2 Bc5 10 0-0 c6 11 Rd1ch Kc7 12 Na4 Bd4 13 Bf4!. If 11...Ke7 12 Na4 Bd4?! 13 Kf1! with some advantage.
- (c) Here 10...c6! is "traditionally" Black's best shelter, for it minimizes White's Knight's control and provides an excellent square for the King.
- (d) Moves like this require long range planning to effectively carry over into a suitable ending strategy. But first the central position must be settled. So 16 Nd5! BxN 17 exB! Ne8! 18 a4 Nd6 19 Rhe1 a6 20 Kc2 Kc7 21 Bd3 Rhe8 22 f3 etc.
- (e) White should have accepted the challenge in playing 21. a5 and if c4 22 Kb2 Nxb, 23 Bxc4 24 f4! with initiative on the king side.
- (f) 22...f6 brings the game even, although a special advantage favors White

- (g) Here is the concluding analysis for Rook vs. N plus Pawn:
 - (1) 33...Nd3ch 34 Kc2 Ne5 35 h5 Ke6 36 Rf4 wins
 - (2) 33...Nxg2 34 Rg4 Ne3 35 Rxg7 c4 36 Rh7 c3 37 Rh6ch Kc5 38 Rc6ch Kd5 39 h5 Nf5 40 Rf6 wins. Or, from above in place of 38...Kd5, instead 38...Kb4 39 Rd6 Kc5 40 Rd7! Kc4 41 h5 Nf5 42 Rf7 Ng3 43 Rc7ch Kb3 44 h6 Nh1 45 Rd6 Nf2 46 h2!

- (a) Black played the opening mechanically applying the wrong system versus White's e-d and Be2 formation. The moves played are only suitable in a e-d-f and Bd3 formation. Where 6 be2 Na6 7 0-0 c5 8 e5 Ne8 9d5 Nac7 10 Be3 b6 etc. is the familiar line, one of the more solid one's at Black's disposal. Actually Black could have saved some embarrassment by playing 7...c6 8 BxN bxB 9 e5 Nd5 10 Ne4! de 11 de Qc7 12 c4 Nb6 13 Qd4 Be6 etc. with a slight advantage to White.
- (b) Black "catches on" to what he ahs done and resolves to dig in for a long and steady defense. Further disaster could have befallen him had he played 8...cd? 9 exN ef 10 Bd2! dc 11 Bxc Nc5 12 Nd2!
- (c) If now 12 Nd5 Bb7! 13 Nce7ch Kh8 14 ed Qxd and Black can ease out of it all. Qc7 is not as bad as it may appear, i e 11...Qc7 12 Nd5 Qd7 13 Nce7ch Kh8 14 Be7 Rg8 15 ed Nxd6 16 Rfe1 Nf5 or Rge8.
- (d) For the more energetic 19 Qd5 Black has Rgd8 20 Rd3 Qc7. But pursuing the issue with 20. g3! Rc6 21 Rfe1! Qc7 22 Re6 Rb6 23 Qd4ch Qg7 24 Na4! Rc6 25 c4! QxQ 26 RxQ Kg7 27 c5 Be5 28 R-R8 RxR 29 Rd7ch winning another pawn and eventually in the ending! All other lines draw. For example, from above 21 Rd3 Re8! 22 Rfd1 Qc7 23 Qd4ch Be5 24 Qd5 Rd6 25 Qf3 Rb8! is even.
- (e) Now 20 Nc3 QxQ 21 gxQ Rc4 is even, or 20 b3 Rxc2 21 Qd3 equalizes.
- (f) Black played this move with the instinct of a gambler. Just 21...Rg-e8 22 Rfe1 Re5 is again too close to call. Considering the circumstances, quite a moral victory!

33 Bc6 bc 34 Qg3 Qg3 35 Rg3 and White won.

- (a) Black could have defended more comfortably by 9...a6 10 Bg5 0-0 11 a3 Be7!. Furthermore at this junction, Black must look for a timely h6 with an eventual posting of Nd5. Meanwhile White too must strive for the thematic d5 push, all in all making it a very interesting "ideological conflict". The amount of material on the subject is quite colossal with Gligoric among the world's foremost theoriticians.
- (b) The Bishop moves have finally paid off for now White has reached the first phase of his opening plan. Using Ng6 as interfrence to h7 will weaken Black's counterchances.
- (c) In spite of its natural boldness White is not all that happy with 14 g4. The natural 14 Ne4 looks better, now if NxN 15 QxN f5 16 Qh4 Nd5(?) 17 QxQ RxQ 18 Re1 with an excellent game. 15...Ng6 16 Re1 f5 17 Qd3 Qf6 18 g3 with similar prospects. A similar situation can be achieved as a result of a timely file control by 14 Re1 Ng6 15 Ne4 NxN 16 QxN f5 17 Qd3 Nf4 18 BxN BxB 19 g3 Bc7 20 Bb3! with, again, a good game for White.
- (d) 17 h4? was the other alternative to be considered. However, after 17...BxB 18 NxB Nd5 19 Ne2 f5, or 19 Nxf7 Qh4 and White's attack becomes extinct. Best here for White seems 17 Ne2 and the sound of the descending curtains can be heard; 17...BxB 18 NxB, if now Nd5 19 Nxf7 RxN 20 QxN Qh4. At this point three issues are to be considered: (A) Black's Bishop is undeveloped. (B)Black's Queen and Rook cannot stir up trouble to stall for development time; (C) Exchange of Queens, and of any other piece favors White. Best for White therefore is 21. Qg3. Three answers are possible here 21...QxP 22 PxQ g5?! 23 Be4 with Rac1-Rac5 decisive penetration. For 21...Qh5 22 f3 Ne3? 23 Bg6 and if 21... Qh6 simply 22 f4.
- (e) Best for Black seems 23... Qd6 24 NxN QxN 25 Be4 Qh5 and not 24 Ne4? Qf4! 25 QxQ NxQ, and Black get White in some kind of bind to ease in his Queenside development.
- (f) Best try for Black is 24...Ndf4 25 Re4! g5! 26 Ne2 Qd6 27 Nh3 NxN 28 Bb3! Bd7 29 f3! Rae8 30 Qe3 with just a slight push, or 29...Rh7 30 d5! e5 31 Ng1 Nf4 32 Rf2 etc.
- (g) Now for an unexplainable reason Black blunders his Rook and, with it, the game. Weak is 28...Rh6? 29 RxPch K-R1 30 Rg1ch K moves 31 QxR, while 28...Qd6? fails to the same as in the game. Not much better is 28...Rh4 29 Bg6ch Ke7 30 Bf5, etc. But even 28...Qh8 29 Qf4 Bc6 30 Qc7ch Kg8 31 Be4! is not good enough.

TSITSEKLIS WINS FIRST CLOSED STATE TITLE

Emanuel Tsitseklis of Knoxville became the first winner of the Tennessee Closed State Championship. He did it with a score of 4-1, winning three and yielding draws to Curt Jones of Nashville and Henry Robinson of Clarksville. Tsitseklis by winning collected the \$100 first prize and a big trophy. He actually remains the State Champion since he also won the state title last year at the Tennessee Open. Second place went to Henry Robinson on tiebreak with a score of $3\frac{1}{2}$ - $1\frac{1}{2}$ and with it the runnerup trophy. Third place went to Joe Rickman of Maryville, who also scored $3\frac{1}{2}$ - $1\frac{1}{2}$. Fourth place with 3-2 went to Curt Jones of Nashville. Curt had compiled a string of over 60 games without a defeat, but here it was broken in the first round when Joe Rickman beat him. Mahlon Smith of Memphis placed fifth with 1-4 ahead of James Rackley also of Memphis, who did not score.

The tournament was directed by ITD Glenn Cornwell. All the games were hard fought and are generally of high caliber. Perhaps the most brilliant game was Marlon Smith's only win with three pieces being sacrificed.

Whether or not the state title will again be contested in this manner remains to be seen. Largely because of the poor turnout for the West Tennessee Qualifying Tournament, TCA had a financial deficit of about \$140.

(a) It looks like that Black must lose material.

- (b) But this seems to save everything. Companied on most page
- (c) The alternative is 21 Bc5 b2! and White loses the exchange.
- (d) White has achieved material equality and should be able to hold the draw.
- (e) White has allowed the penetration by the Black King which allows the Rp advance and ultimately loses the game.

ANNOTATED GAMES -

By Tim Sawyer

The following games were annotated especially for TCN by Tim Sawyer. Tim is from Dayton, Tennessee and a recent newcomer to our state. The games are from the 15th Cumberland County Open which he won.

BISHOP'S	OPENING_	W	hite:	<u>Tim Sawyer</u> (1687)	В	lack:	Randy Puckett (1278)

3. Nc3	Nf6	6.	f5!	Nf2 (b)	9.	Nd5	g6??(e)
•					10.	Nf6ch	ı Resigns

- (a) "Premature" according to Santasiere. Better was 5...Nc6 transposing into a King's Gambit Declined.
- (b) Tempting but bad, Qh4ch also loses. Forced was 6...h5.
- (c) Alternates 7...g6 or 7...Rf8 still give White a strong attack.
- (d) After 8...Qd7; 9. Nd5, White still has the advantage according to Euwe.
- (e) White announced mate in two. Randy had considered 9...Nd7 which would hold out longer but should also lose to 10. f6.

CARO-KANN D	EFENCE	White: French Wa	<u>11</u> (1303)	Black: Tim Saw	yer (1687)
1. e4	c6(a)	9. 0-0	Be7	17. Be3	Nxe3
2. d4	d5	10. Re1	0-0	18. Rxe3	Nf6

	Ngf6(d)	16. Nxd4	Nd5(f)	24. Kh1	Qf1ch
				25. Resians	

- (a) My favorite response to 1. e4
- (b) A good alternative is 4...Nd7. Also possible is 4...Nf6, but after 5. Nxf6ch, exf6 gives White the queenside pawn majority (compare the Exchange Ruy Lopez), while gxf6 is risky.
- (c) A new move! But hardly better than 7. h4!, 7. Bd3 or 7. Bc4.
- (d) Black need not exchange since his pawn is still on h7.
- (e) White offered a draw. Black refused.
- (f) Black wins a bishop for a knight.
- (g) Hoping for 20...Bc5ch 21...Bxd4; 22. Nxd4, Rxd4; 23. Rxd4, Qxd4!
- (h) Eliminating the defense.
- (i) Black announced mate in three.

FRENCH DE	FENCE	White: <u>Tim Sa</u>	wyer (1687)	Black: <u>Harrison</u>	Gill (1504)
1. e4	e6	12. Qa4	Bd7(c)	23. Qe3	Be8
2. d4	d5	13. dxc5	Bxc5	24. Rc3!(h)	Ra7?!
3. Nd2	Nc6(a)	14. b4!(d)	Be7	25. Nexc6(i)	Bxc6
4. Ngf3	Nf6	15. c5	Qc7	26. Qxe6ch	Rf7
5. e5	Nfd7	16. Bf4(e)	0-0	27. Rf3(j)	Qd7
6. Nb3	Be7	17. Re1	f6	28. Nxc6	Qxe6
7. Bb5	a6	18. Qb3(f)	Qc8	29. Rxe6	Rxf3
8. Bxc6	Bxc6	19. exf6!	Bxf6(g)	30. gxf3	Nxc6
9. 0-0	c5	20. Be5	Bxe5	31. Rxc6	a5
10. Na5	Nb8	21. Nxe5	Qc7	32. b5	Resigns
11. c4	c6(b)	22. Rac1	Rf5		••

- (a) This is the first time I had ever played the Tarrasch Variation of the French Defense, and this 3...Nc6 is the only move I studied!
- (b) Harrison is a fine young player who studies his openings well, yet this move is a strategical blunder. The pawn is in the way of the queenside pieces. White now sets up a bind. In Esteves-Huebner, Leningrad 1973 Black played 11...0-0 followed eventually by Qd7 and Nc6.
- (c)Black's QB is a constant problem in the French Defence.
- (d) After 14...Be7 White gets an amusing bind. To avoid the bind Black could have tried 14... Bb6 and 15..Bxa5 isolating the pawns on e5, c5 and a5 although his position would still be difficult. If here 15 Nb3, c5!
- (e) White must control e5- Nimzovich.
- (f) The queen comes back to life.
- (g) gxf6 may be better.
- (h) White puts his pieces on the best possible squares for the breakthrough.
- (i) Black's last move set up this sacrifice with mate threats.
- (i) Black is forced to exchange pieces.

-SPASSKY DEFEATS PORTISCH!

On Aug 20 former world champion Boris Spassky (USSR) defeated Lajos Portisch (Hungary) in the candidates' match (8 1/2-6 1/2) and qualified to play Viktor Korchnoi, who defected from the Soviet Union last year.

Unlike the lopsided Korchnoi-Polugaevsky match, the one between Spassky and Portisch was tense and exciting. Example of the nip-and-tuck play:

Spassky and Korchnoi will meet in October or November in a 20-game match. The winner will challenge Anatoly Karpov of the USSR for his title next year.

CORRECTIONS- From last issue the results for Kenneth Ferguson in the Memphis Championship should have read as follows: 2. Ferguson, Kenneth $1801 \ \frac{1}{2} \ X \ \frac{1}{2} \ 1 \ \frac{1}{2} \ 1 \ 0 \ 1 \ 4\frac{1}{2} - 2\frac{1}{2}$ Also the West Tenn. Championship had 16 players and not 18 as was erroneously reported in the last issue.
