TCA HEADLINES

BIDDING OPEN FOR 1984 TENNESSEE OPEN

The Tennessee Open will no longer be held exclusively in Nashville. A proposal adopted by the Board of Directors calls for the rotation of the tournament between the three grand divisions of the state under the following format: to be held in West Tennessee in 1984, in East Tennessee in 1985, in Middle Tennessee in 1986, and alternated thereafter between the three regions with the tournament being held in Middle Tennessee every other year. TCA is now accepting bids from clubs and affiliates in West Tennessee who are interested in hosting next year's event. Please send all bids and inquiries to John White, TCA Tournament Coordinator, no later than November 15, 1983.

The motivation behind this change is apparent. Under the new plan, players in each part of the state will have the opportunity to compete in the state championship tournament without traveling far. By taking the tournament to various cities it is hoped that players who have never before had the chance to compete in the event will begin to attend it regularly.

In a similar gesture, the Board has also elected to rotate the Tennessee Scholastics between the state's three regions. The schedule of rotation will be East, Middle, and West Tennessee in that order beginning in 1984, and the 1984 tournament will be hosted by the Cumberland County Chess Club.

NEW GRAND PRIX RULE

Effective immediately, TCA has adopted a "two-week rule" regarding Grand Prix tournaments. Under the new rule, no two grand Prix events may be held in Tennessee unless there is a two-week interval between them. Local, club, and scholastic events are exempt from this rule since they offer no Grand Prix points. If an organizer fails to honor this rule, his tournament will not be advertised in TCN and will not be eligible for the Turkey Tour.

NEW OFFICERS FOR 1983-84

The annual membership meeting of the Tennessee Chess Association, held on September 4, 1983, between rounds 3 and 4 of the Tennessee Open in Nashville, saw the following elected to their respective offices by acclamation: Jack E. Smith, Memphis, President; Harry Sabine Crossville, Secretary-Treasurer: Mark Ishee, Nashville, Newsletter Editor; Richard Igou, Knoxville, East Tennessee Director; Johnson Moore, Nashville, Middle Tennessee Director; Dale Flickinger, Memphis, West Tennessee Director. Voting for USCF Delegates gave the nod to Harry Sabine and Jack Smith, while Peter Lahde, John White. Richard Igou, and James Gallagher were elected as Alternate Delegates, Garv Pylant and Johnson Moore are the new Alternate Voting Members.

Former TCA President Peter Lahde declined to run for another term, and former TCA Vice-President Jack Smith was elected. The new Board of Directors subsequently elected Peter to fill Jack's unexpired term, so Peter Lahde is the new TCA Vice-President.

STATE TITLES WITH TROPHIES

Until recent years, it has been customary for all winners in the Tennessee Open to receive state titles with their prizes. Somehow this practice has been lost over the years; however, next year's tournament will revive it. Thus, the winners of each section will be crowned State Champion, State Amateur Champion, State Novice Champion, and State Class Champion in each class. Winners will receive trophies along with their titles. Only TCA members are eligible for these State Championships. As has been customary, the titles of Tennessee Champion and Tennessee Junior Champion remain open only to Tennessee

TSSAA RULING: CHESS IS NOT A SPORT

Can a student win money in a chess tournament and still retain his/her amateur status in order to compete in nonchess sporting events? The question was brought before the recent meeting of the TCA Board of Directors after a chess-playing athlete in Memphis returned his prize money in order to remain eligible for amateur sports. Since in chess the distinction between Amateur and Professional is not a formal one. and because chess may or may not be a "sport," the Board sought a ruling on this matter from the Tennessee Secondary School Athletic Association (TSSAA).

Gill Gideon, Executive Director of the TSSAA, replied that "Chess is not a TSSAA sponsored sport. Therefore, TSSAA would not have any jurisdiction over a student winning money in a chess tournament." Thus, a student may win money at chess and still compete in any TSSAA sport.

RULEBOOK SUGGESTIONS REQUESTED

TCA President Jack Smith of Memphis is on the USCF's Rulebook Revision Committee. He requests that TCA members send opinions and ideas to him for consideration regarding USCF Rulebook changes.

Beginning with this issue, TCN will print crosstables of rated events only after the official report returns from the USCF so that post-event ratings can be included.

(Exceptions may be granted by the tournament coordinator with written notice to the T.C.A. Board.)

PRIZE FUND:

The Prize Fund will be formed from Turkey Tournament round fees (U.S. C.F. Grand Prix events-\$5 per round; all other tournaments-\$3 per round) and other donations. The T.C.A. has made an initial donation of \$100 to start the Prize Fund.

Prizes will be awrded to the top players of each category by the following percentages of the Prize Fund:

Class A	20%
Class B	15%
Class C	15%
Class D	15%
Class E	15%

Conditions of Awarding Prizes:

- (1) The final class standing of a player will be determined by the September 1984 rating supplement.
- (2) Tour points accumulate for a player whose rating moves up to a higher class, and the player remains eligible for prizes in the lower class based upon points earned prior to moving into the higher class (based on current rating supplements during the year).
- (3) Players may win only one prize.
- (4) Players whose U.S.C.F. class designation symbol shows a former rating 101 or more points over a prize group will not be eligible for that prize, but will be eligible for the next category which they are not 101 points over.
- (5) Players must be T.C.A. members to accumulate and collect Turkey points.
- (6) The T.C.A. tournament coordinator will be responsible for compiling the class standings and awarding prizes.

Earning Turkey Points:

T.C.A. members players may earn Turkey Points for tournament participation and performance. Each player participating in a Tennessee-U.S.C.F. Plus, for a positive performance result (meaning wins minus losses) players will be awarded additional Turkey Points by the formula:

(W-L) times number of rounds equals number of Turkey Points

BOOK REVIEW

Petroff's Defense

by Fortinos and Haig Published May 1983; 248 pages, index of variations. Batsford paperback, \$21.00. Figurine Algebraic.

by Jack Smith

Using the criteria of timelines, comprehensiveness, and research, **Petroff's Defense** gets a firm recommendation. It contains research dating back to 1497, yet mentions new games by Karpov and Chekov, among others GM Fortinos and IM Haig cover virtually every line of the Petroff. Even more pleasing than the book's technical merits is its discussion of the history of the opening (often anecdotal), and the adventures of the masters who have employed it.

The last great English language treatise on the Petroff was A Complete Defense to 1. P-K4 by Hooper. It is a definitive work, containing analysis of other lines besides Petroff's Defense; it is also a reference to this work.

Material is divided into three sections: Chapters 1-7 (51 pages) cover 3. d4 ed, Chapters 8-13 (45 pages) discuss 3. d4 Nxe4, and Chapters 15-35 (119 pages) examine 3. Nxe5. Chapter 14 covers 3. d4 d5, while White's other third move possibilities are Chapters 36-38.

According to the authors, the Petroff can be used to complicate (Marshall) or equalize (Karpov). It has a certain "surprise value" in local tournaments, and avoids the Ruy Lopez and Giuoco Piano.

It is often difficult to recommend an ex pensive book of this sort. No problem here, however. This is a well-written, exhaustively researched, definitive exposition of the Petroff, and is larger than most openings texts. Since it is well-made and well-proofed, it is not overpriced at \$21.00. When was the last time you both learned from and enjoyed reading an opening manual?

Besides, Pillsbury played it. Available from David and Charles, North Pomfret, VT 05053.

The Knoxville Summer Swiss, played three. Charles Maddigan fell off the July 16/17, was a remarkable tournament in many ways. The field totaled 79 players including entries from as far away as Arizona and Michigan. The tournament was a strong one with four masters rated near 2300 on the top boards (Charles Maddigan, Rusty Potter, Klaus Pohl and our own Curt Jones). On the bottom side of the field, a very encouraging fiteen new players were drawn to chess competition primarily by advertisements in the local papers and the offer to waive entry fees for players participating in their first tournament.

Upsets punctuated the pace of the tournament and they started early. Round one found Brian Lentz (1371). Chris Wilson (1315) and James Higdon (new) defeating opponents rated 1891, 1792 and 1769 respectively. Robert Presswood of Chattanooga gained a quick 67 rating points by defeating Candidate Masters in rounds two and

pace in round three when Richard Bennett held out for a draw. In round four, Johnson Moore and James Hardy acquired perfect scores the hard way-by defeating Rusty Potter and Klaus Pohl!

In the final round, Curt Jones won the tournament outright by demonstrating incredible patience in a superior but very difficult endgame against Johnson Moore. Emanuel Tsitseklis and James Hardy shared second and third places by drawing which gave them each 41/2 points. Winners in other categories include-

This month we have a game submitted by Lewis Inman, who has just qualified for TC-F-82. We also have a non-Tennessee postal game by Rick Herbers that is typical of Rick's "quiet" style.

Scholastic Chess with Patrick Burdick

With the Tennessee Open now history, congratulations are in order for Ron Burnett of Nashville, the State's Junior Champion. Ron won the title with his sixth-round victory over Chris Chambers of Knoxville. Both players had entered the last game 3 and 2. Chris' performance was also very commendable in that all six of his opponents were rated above 2100

At the Director's meeting held at the open, several items of interest to scholastic organizers were decided;

First, the site for the Tennessee Scholastics will be rotated among the three regions of the state from year to year. This February, the site will be Crossville. Second, the scholastics will be held in eight section: a championship and novice section for each age group. (Primary, Elementary, Junior High, Senior High). In addition, for first time tournament players, USCF and TCA dues will be optional for the novice entrants.

Third, the top ten lists will no longer list provisionally rated players. This decision is consistant with U.S.C.F. policy as regards its "Top 50" scholastic lists, and will become effective with the next issue of the TCN.

This issue's ideas come from a game played in the Crossville summer open. Chris Lax, who is in fifth grade this fall and among the state's strongest elementary players, had just defeated a Catagory I player in the third round, and came gunning for me.

pawns are blocked on white squares: I felt that a knight would be better in an end game than a white-squared hishop 13. f5 Bxe2 14. Oxe2 Nd7 15. Rfbl b6 16. a4 a5 17. Rb5 Kd8 18. Qg4 Kc7 19. Rxg5 Kf8 41. Rg6?? Look how this allows black to double the pawns on the g-file. The pawns were very strong as connected passed pawns. White should have played moves like 41. Rf5+... 42. Kh4... 43.

Bh3... 44. ...g5. but as played, the Black King blockades and White's bishop cannot make progress. 41. ... Rxg6 42. hxg6 Kg7 43. Kh4 Kxg6 44. g5. Nf8 45. Bf3 Nh7 46. Bh5+ Kg7 47. g6 Nf6! White is trying to force a win out of a drawn position. Always unwise. If White had play on the Queen side, his strategy might have value. But note that all Black's pawns are on squares safe from the Bishop. 48. Bf3 Kxg6 Now it is White who is cramped for space and on the defensive. He must now play to draw by exchanging his bishop for the Knight and then gaining opposition. For example: 49. Kg3 Nh5 50. Bxh5 Kh5 51. Kh3 draw 49. Kh3 Kg5 50. Kg3 Nh7 51. Bhl Nf8 52. Kf3 Ng6 53. Ke3 Kg4 54: Ke2 Nf4+ 55. Ke3 Kg3 56. Kd2 Kf2 57. Kc2 Nh5 58. Kd2 Ng3 59. Kd3 Nxhl and White went on to win.

Lets go back again to the position after 48. ... Kxg6:

My analysis after the game convinced me that only Black has winning chances now.

See if you can find the correct defense for White from this position, and mail it to me for publication in our next issue. Send your name, age, rating and address. All correct solutions from those under 20 years will be entered in a drawing for a prize.

JOHN HURT REPLIES. . .

John Hurt calls our attention to Kenny Thomas' review of *The Sicilian Wing Gambit* which appeared on pp. 6-7 of TCN, August-September 1983.

Thanks for the review of "The Sicilian Wing Gambit" in your last issue. Kenny did a good job.

Regarding the suggestion in (2) line 27, 8..Nd4 was not my "Pawn Grabbing" move. It is from Santasiere's analysis. After 8...Ne4 9 Be4 Bd6 10 Qc2 prevents castling, gives better development, opens lines with center control that is worth the pawn which black may not be able to hold.

In (3) Thomas says 3 a3 is "main line." I do not say so. Santaisiere considers 3 c4 the main line. Koltanowski, Bronstein & others play 3 d4. Still others prefer the delayed wing gambit.

In line 58, note 1, Thomas says I give 8 Na3 as better than 8 Ra3. I did not.

He is right about line 78 that 21 Nb7 is a mistake. 21 Rel is at least equal for white.

Line 79, note 7 is a game Hurt-Middleton, 1-0.

I agree that in note 3, the suggested 14 Rh4 is not good.

I have a few copies for sale.

Thanks again.

John Hurt
