

TENNESSEE CHESS NEWS

TCA Dues \$2 a Year

NOVEMBER 1967

Volume 9, No. 6

Published bi-monthly. Editor: Peter P. Lahde, 80 Lyle Lane, Nashville, Tenn. 37211
 Games Editor: Robert R. Coveyou, 104 Stanton Lane, Oak Ridge, Tenn. 37830
 President of TCA: Dr. Robert Keathley, Box 1039, Murfreesboro, Tenn. 37130
 Contributors: Schaeffer (Chattanooga), Burris (Knoxville), Murphy (Maryville)
 Hurt and Weaks (Memphis), Keathley (Murfreesboro), and R. Coveyou (Oak Ridge)

ANNOUNCING THE 8TH ANNUAL MID-SOUTH OPEN CHESS TOURNEY

6 Round Swiss, 50 moves in 2½ hours, open to all who are or become members of USCF, to be played at Hotel Claridge, 109 North Main Street, Memphis, Tennessee.
 PRIZES: \$100.00 First, \$50.00 Second, and \$ 25.00 Third

ENTRY FEES: Open Division: \$8.00

Amateur Division: (1799 rating and under) Entry Fee \$ 6.00

Reserve Division: (1599 rating and under) Entry Fee \$ 6.00

Trophies and book prizes in the Amateur and Reserve Divisions

SCHEDULE

November 24, (Friday)	Registration until	1:00 p.m.
	Round 1	2:00 p.m.
	Round 2	8:00 p.m.
November 25, (Saturday)	Round 3	2:00 p.m.
	Round 4	8:00 p.m.
November 26, (Sunday)	Round 5	8:00 a.m.
	Round 6	1:00 p.m. approximately

Awards will be made upon conclusion of Round 6 with ties broken by use of Median, Solkoff and Sonnenborg Berger Systems in the order named.

Rounds 2, 4 and 6 will be played to a conclusion unless adjudication is requested by a participant. Adjudication will be by the three highest rated players in attendance that are not involved in the games under adjudication. (If a majority of those attending are agreeable, 2½ hours will be allotted each player to complete each game with a maximum of 100 moves.)

PLEASE BRING CHESS SETS AND CLOCKS!

Tourney Director: Pete Lahde

Sponsor: Memphis Chess Club, John Hurt, President

Inquiries and Pre-registration: Frank Garnor, 5550 Park Ave., Memphis, TN 38117

BURRIS WINS KNOXVILLE TOURNEY

Reported by Dave Burris

An East Tennessee Chess Association has been formed. It is USCF affiliated and this 6 player round robin in Knoxville is the first rated tourney held. Dave Burris directed. The time limit was 2½ hrs. per game per player. There were no unusual results due to the experimental time limit, but I did get into a bad scramble in my game with McNeely. I mated him with three minutes left on my clock.

The East Tennessee Chess Association has chapters in Knoxville, Maryville, and Oak Ridge. President is Dave Burris with Jack Murphy Vice-president and Mike Coveyou Secretary.

Dave Burris will be teaching chess to interested players in Knoxville at U.T.

The results of the tournament were as follows:

	1	2	3	4	5	6	Score
1. Burris, David	X	1	1	1	1	1	5-0
2. Brooks McNeely	0	X	½	½	1	1	3-2
3. Jerry Meyer	0	½	X	½	1	1	3-2
4. Brian Worley	0	½	½	X	1	1	3-2
5. Samuel Jollay	0	0	0	0	X	1	1-4
6. James Philips	0	0	0	0	0	X	0-5

ATTENTION SUBSCRIBERS AND TCA MEMBERS: If you did not play in the last Tenn. Open most likely you have not yet paid your TCA dues for next year. So as not to miss an issue renew now between Nov.1 and Dec. 15. TCA dues are \$2 a year.

TONY ESTES IS FIRST NASHVILLE CLUB CHAMPION

Tony Estes emerged as the first winner of the Nashville Chess Club Championship. It was a round-robin between 6 of the strongest players in Nashville. It took place just prior to the Tennessee Open to serve as a preparation to that event. A trophy was presented to the winner at the last Nashville Club meeting.

The results follow:

	Rd1	Rd.2	Rd.3	Rd.4	Rd.5	Rd.6	Scores
1. Tony Estes	X	0	$\frac{1}{2}$	1	1	1	$3\frac{1}{2}-1\frac{1}{2}$
2. Peter Lahde	1	X	0	1	$\frac{1}{2}$	0	$2\frac{1}{2}-2\frac{1}{2}$
3. Mel Meyer	$\frac{1}{2}$	1	X	0	0*	1	$2\frac{1}{2}-2\frac{1}{2}$
4. Gary Matthews	0	0	1	X	0	1	2-3
5. M. C. Wright	0	$\frac{1}{2}$	0*	1	X	0*	$1\frac{1}{2}-3\frac{1}{2}$
6. Jerry Meyer	0	1	0	0	0*	X	1-4

*Double forfeits due to failure to play off within a reasonable time

BOOKS FOR SALE

David Burris is offering a number of his books from his collection for sale. If you are interested in buying any of these please contact David Burris directly at: 401 11th Street, Knoxville, Tenn. 37916. The books are in A1 condition in all cases. The buyer is asked to add 15¢ per book for postage. On orders of over \$3, postage will be paid. Books are sold on a first come, first serve basis. All books sell at bargain prices. TCA will also profit as 15% of the proceeds will go into its treasure.

MINUTES OF THE BUSINESS MEETING OF THE T.C.A.

Reported by Secretary Tony Estes

Minutes of the Sept. 2, 1967 meeting, first session. The meeting was called to order by President Dr. Robert Keathley at 1:15 P.M. The reading of the minutes from the 1966 meeting were dispensed with.

The members of the Nominating Committee were announced; they were as follows: M. Coveyou, R. Churchill, P. Lahde, J. Schaeffer, and J. Price. It was also announced that three officers were to be elected at the next meeting.

Bob Keathley announced and urged that clubs become affiliated with TCA. It was decided by majority vote that the Team Plaque should go to the highest scoring club rather than the city if there are two or more clubs.

Members of various chess clubs in Tennessee gave reports on activities. They were as follows: Hunter Weaks said the Pillsbury Chess Club in Memphis was only occasionally active, particularly in the Summer time. James Wright reported for the Memphis Chess Club saying they have about 30 members, they hold the city champ. annually as well as the Mid-South tourney. Bob Coveyou from Oak Ridge announced that they have an annual Junior tourney, the East Tenn. Open and a meeting of the club once a week. Mike Coveyou announced that University of Tenn. in Knoxville has a chess club and recently won the Regoin 5 tourney. Bob Keathley of Murfreesboro reported that their club has an annual club tourney and a match with Nashville. Roy Clark reported of activities of the MTSU Chess Club. Peter Lahde announced that the Nashville Chess Club had a practice tourney for the Tenn. Open. Nashville has an annual high school team and individual tourney. About 40 players participated this year. Several Nashville high schools also have chess clubs.

Bob Coveyou discussed adjudications and time limits. He proposed a set time limit for the total game and the idea has been approved by USCF through Edmondson. (Bob Coveyou's letter to Edmondson and Edmondson's reply are given below on this page.) Bob announced that the East Tennessee Open would be played using this idea of a set time limit for the entire game.

The player's meeting was called to order at 2:00 P.M. on Sept. 2, 1967. At this meeting the set time limit for a game was discussed further. By majority vote it was decided that the announced time limit would be used for this year's tournament.

It was moved and seconded that the meeting be recessed until Sept. 3.

The second session was called to order at 7:25 PM on Sept. 3, 1967.

The following nominees were unanimously elected:	Remaining in office:
Vice President: Mike Coveyou (1970)	President: Keathley (1969)
Secretary: Robert Churchill (1968)	Tourney Director: Coveyou (1969)
Treasurer: Tony Estes (1970)	Membership Dir.: J. Hurt (1969)
Tourney Arrangements Director: Roy Clark (1970)	Postal Chess Dir.: Burris (1968)

The meeting was adjourned at 7:40 P.M.

Letter from Bob Coveyou to USCF to obtain permission to use a new time limit:

Dear Mr. Edmundson: August 16, 1967 (At the U.S. Open)
The Tennessee Chess Association proposes to organize one or more week-end tournaments, possibly eventually including the State championship, to test experimentally a new type of time limit; that is, a time limit of (at least) two and one half hours for each player for the entire game.

The advantages of such a time limit is obvious; elimination of adjudication, adjournments, adjournment analysis, and postponements of the following rounds. The disadvantages, if any, will only be revealed by experiment. We would like to know from you if tournaments conducted with such a time limit are acceptable to U.S.C.F. for rating purposes, and will be rated by U.S.C.F.

Yours sincerely,
Robert R. Coveyou
Tournament Director
Tennessee Chess Association

Reply of letter by Ed Edmundson, Executive Director, U.S.C.F.

It is my judgment that a time limit based upon the entire game, as you suggest, does meet the requirements that the average speed required of each player shall not exceed thirty moves per hour, if such a time limit allows at least two and one half hours for each player. Hence, a series of experimental tournaments conducted with a time allowance of (at least) two and one half hours for each player will be rated by the U.S.C.F. They would provide us with valuable guidance for possible future clarification of our rules on this subject.

E.B. Edmundson, Executive Director, U.S.C.F.

- (a) Knowing that my opponent played the Saemish Variation against the King's Indian, I chose it to my usual Dutch; I wanted to try a novelty on my 7th move.
- (b) This is the line Black was playing for. It has the following characteristics:
1. It is little known and even less analysed
 2. It is much better than it looks and seems to equalize
 3. It leads to unclear positions early in the game
- (c) While this move definitely prevents the resource 8...PxBP and 9...P-Q4, it seriously weakens white on the long diagonal. White commits his queenside pawn structure and renounces queenside castling, a powerful option for White in the Saemisch. Better alternatives were 8. B-Q3 and 8. O-O-O.
- (d) Better was 9...QN-Q2. Black cannot be certain this is the best square for his queen.
- (e) One of the most difficult moves I've ever made. White was threatening 12. N-Q5. While preventing that maneuver and preserving his King's bishop, the move assures Black of active play in the center, as the following variations show:
- (1) 12. N-N3 P-B4 13 P-Q5 N-R4 14 QR-B1 NxN 15 PxN PxP followed by 16...R-N1 and Black will develop pressure along the queen-knight file while neutralizing white's kingside demonstrations.
 - (2) 12. P-B4 N-N5 13 QR-B1 NxR 14 QxN P-QB4 15 PxNP (15 P-Q5 P-N5 16 N-R4 N-B3) PxQP 16 NxP Q-N3! 17 QN-K2 N-B4 with an even game.
- (f) White understandably wants to close the queen-side before undertaking king-side or center action himself, but he gives up an important tempo here, and in doing so seems to underestimate black's position.
- (g) Had white seen what is coming he would have kept his rooks connected here with 13. N-R2. But even then black can operate with 13...P-B4 or 13...R-N1.
- (h) And here 14. PxP was essential.
- (i) The point of black's last few moves.
- (j) White's best chance lay in not taking the knight; as he played material equality is preserved for the moment but all black's pieces spring to life and white's queen-pawn is a condemned man.
- (k) An inconvenient move for black in that it now takes him 7 more moves to win the queen-pawn, but white's Q4 is now weakened seriously. It is difficult to find a good plan for white any longer. There are too many weaknesses.
- (l) Forced. Now black has 2 bishops against 2 knights and white's position is as shaky as ever. Needless to say, white is quite lost.
- (m) A consequence of White's 19th move; he is now completely tied up.
- (n) ...P-B5 was threatened.
- (o) 25...QxQP was simpler.
- (p) and now 27...QR-K1 would have won out of hand.
- (q) White is still est after this move, but it isn't so simple any more.
- (r) 30. N-K7ch K-B1 31 QR-Q1 was much stronger; a possible continuation would have been 31...R-K1! 32 RxB QxR 33 NxQ RxRch 34 K-N2 R-K7! 35 K-B1 R-Q7 36 N-K3 (If 36 N-B7 P-B5! 37 PxP P-N6 winning) R-N7 winning.
- Editor's comment: Thank you David for this fine contribution. We do welcome contributions of annotated games from both the Tenn. Open and Amateur events.)

		44. Resigns	

- (a) The Blackmar-Diemer Gambit is a lesser known opening in which White gives up a pawn for development. This opening is quite fashionable in Murfreesboro and Keathley really causes the "champ" to sweat a bit.
- (b) This opening is given only two columns in MCO-10. But a good article on it appeared in the British magazine called CHESS in April and May of '64. But the text move (5. B-KN5) is not considered. Instead it gives 5. PxP and 5. P-KN4 as does MCO-10. But Diemer's book on this opening analyses other moves as well, as is pointed out in CHESS, and probably includes B-N5. (I wonder if Murfreesboro has Diemer's book? Ed.)
- (c) Here we see the point of B-N5. Castling Queen-side and pressure on the Queen's file.
- (d) Probably not the best. Indicated seems B-K2 because of what follows.
- (e) If this is necessary then Black is in bad shape.
- (f) White has recovered his pawn and has a distinct if not a winning advantage.
- (g) So if QxQ 18 NxQ wins Reck.
- (h) Not 17...RxP? 18 P-Q6 Q-N2 (QxQ 19 NxQ mate) 19 P-Q7ch wins Queen for rook.
- (i) Now he is even a pawn up, and has a passed pawn to boot.
- (j) Up to this point TCA President Keathley has played magnificently but here he is too optimistic.
- (k) Black doesn't miss his chance to recover the pawn.
- (l) Blundering the Knight away and thereby turning a win into a loss. Correct is 24 N-K4 there might follow RxP(?) 25 R-N1 R-K7 (after RxR White also wins) 26 N-B6 followed by R-N8 mate. Of course, Black need not cooperate so well, but White should win easy enough no matter what Black plays.
- (m) Black prefers eliminating the advanced Q-pawn first rather than saving his rook-pawn.
- (n) White should leave rooks on the board to have some counterplay. The rest is not worth commenting on. (For another game from this event see next page.)

		31. K-N2	Q-B7ch
		32. K-R1?(p)	Q-B8 mate

- (a) Attempting transposition to the French Defence.
 (b) But White insists on a Queen's Pawn Opening.
 (c) Black decides on the Dutch Defence.
 (d) More aggressive is B-N5ch. But the text seems preferable, as after B-N5, Black is weak on the black squares on the king-side.
 (e) Transposing to the main line (with P-Q3). N-R3 is an alternative.
 (f) Alternatives are 8. P-N3 and 8. R-K1. Less used are 8. Q-Q3 and 8. B-B4.
 (g) Book is 9. P-Q5 or 9. P-K4 (MCO-10, line 6, note c)
 (h) Preferable is 10. P-Q5 keeping the position closed.
 (i) Countering 19. B-R5 P-N3? 20 Q-R8 mate.
 (j) Allowing Black aggressive action.
 (k) Loses a Pawn. The threat on the Rook is easily met by a pin on the Queen.
 (l) In the process the menacing passed pawn is captured.
 (m) To prevent R-Q8ch. (n) A faulty aggressive move.
 (o) This is the tactical possibility White overlooked. If 29...PxR 30 Q-K8ch K-N2 31. Q-B8 mate.
 (p) After K-R3 the win is not so quick. But after 32...P-B5! Black should win easy enough.
